BUDGET MESSAGE

Honorable Mayor, Village Council and Citizens:

I am pleased to present the Fiscal Year 2016-2017 Final Budget for the Village of Los Lunas. This budget was developed through a thorough analysis of the Village’s short- and long-term revenue and operating expenditure projections, as well as projected capital improvement plans, which efforts are in keeping with staff’s commitment to on-going, long-range planning in all Village affairs. As always, our goal is to produce a budget document that is both informative and user-friendly, not only for elected officials, but also for staff, citizens and any other potential user.

Every entity has a method (formal or informal) of prioritizing its needs, which serves as a guide for developing a budget for the organization. On November 1, 2014, the Mayor and Village Council participated in a Strategic Planning Retreat for the purpose of identifying and building consensus around the Governing Body’s top strategic priorities through the year 2018. The resulting strategic priorities are listed below, in no particular order:

1. Better Traffic Flow/New I-25 Interchange/Congestion and Mobility
2. Improve Soccer and Little League Fields/Facilities at River Park
3. New Recreation Facility/Youth Programs
4. Complete Waste Water and Water and Sewer Improvements
5. New Main Fire Station
6. Community Policing/Public Safety

To the extent possible, these strategic priorities have been incorporated into this budget, and will continue to be diligently pursued through specific goal statements and action plans developed by staff. Additionally, departmental goals and objectives have been incorporated into this budget and used as the basis for the respective department directors to formulate expenditure requests and operational plans. The Village will continue to make the Governing Body’s strategic priorities and departmental goals and objectives an integral part of its budget process, as well as its daily operations.

Each year, the Village’s Five-Year Infrastructure Capital Improvements Plan (ICIP) is reviewed and updated, and Federal, State and Village funds are leveraged to the greatest extent possible to accomplish and carry out these necessary capital expenses. In Fiscal Year 2016-17, $23,771,395 has been budgeted for capital purchases and capital projects, of which $3,535,200 is within the General Fund. The Village continues to focus on repairing, replacing
and upgrading Village infrastructure such as water/sewer systems, waste water treatment facilities, streets, parks and open space, buildings and grounds, and information technology, in addition to entering into lease/purchase arrangements using grants and Special or Enterprise Fund revenues for certain capital purchases.

Following are some of the Fiscal Year 2016-17 Budget highlights:

**Revenues**

1. **Property Taxes** – Budgeted property tax revenue in the General Fund *decreased* by $4,988 (-0.2%) due to a decrease in the residential and non-residential property tax projections by the Valencia County Assessor’s Office.

2. **Gross Receipts Taxes (GRT)** – Budgeted gross receipts tax revenue in the General Fund *increased* by $386,100 (+4.1%) due primarily to economic growth. The General Fund is expected to receive approximately $178,751 less in GRT revenue ($223,439 less for ALL funds) in Fiscal Year 2016-17 due to the second year of implementation of the loss of Hold Harmless revenue, as a result of legislation passed by the State during the 2013 legislative session.

3. **Impact Fees** – This is the first year impact fees have been budgeted at 100% since the Council-approved moratorium on July 12, 2012. Last year, they were re-implemented and budgeted at 50% of current fees according to Ordinance 391, approved by Council on May 22, 2014. In Fiscal Year 2016-17, impact fees are projected to generate the following revenue in their respective funds:
   a. Park Impact Fees (General Fund), $102,000
   b. Sewer Impact Fees (Water/Sewer Fund), $40,000
   c. Water Impact Fees (Water/Sewer Fund), $47,726

4. **Legislative Appropriations** – Legislative appropriations totaling $2,450,000, including $510,000 in new legislative appropriations, and $1,940,000 in carry-over funding, are included in the General Fund revenue budget to continue or complete the following major projects:
   a. Sports Complex Improvements, $860,000
   b. Fred Luna Senior Center Improvements, $1,590,000
      In the Infrastructure Fund, $325,000 in new legislative appropriation is being budgeted to complete the Camelot Road Extension Project. Additionally, $149,000 in legislative appropriation has been reauthorized and carried over from the MBR Upper Cassettes Installation Project in the Water/Sewer Fund.

5. **Grants** – Following is a list of *selected* grant revenue included in various funds within the budget to help offset the cost of specific Village projects or programs:
   a. Route 66 Museum Fiber Optic Cable Installation – E-Rate Grant, $56,000
   b. OHV Law Enforcement/Training/Equipment – New Mexico Game and Fish, $45,500

   a. **Salaries** – In Fiscal Year 2016-17, no across-the-board or cost of living adjustment (COLA) for full-time or part-time permanent employees has been budgeted.

This year, the Village is offering the same medical insurance plans—a Core Plan and a Buy-up Option—through Blue Cross Blue Shield of New Mexico. Due to a 6.9% decrease in medical insurance premiums, both the Village and participating employees will pay less for medical insurance in Fiscal Year 2016-17.
      ii. **Dental Insurance** – The Village continues to offer dental insurance through Delta Dental, and will continue to pay 50% of the cost of the monthly
premium. This year the cost of dental insurance premiums decreased by 7%, saving both the Village and participating employees money.

iii. Vision Insurance – The Village continues to offer vision insurance through Davis Vision, with employees paying 100% of the cost of the monthly premium.

iv. Other Benefits – The Village continues to offer other benefits such as approved tuition reimbursement for job-related higher education classes, and gym membership reimbursements of up to $20 per month for interested and eligible employees.

Since the Village of Los Lunas is a service-oriented organization, most of the budgeted expenditures are in personnel services (i.e. salaries, medical insurance, retirement, etc.). Several other employee-related expenditures are treated as operating expenses, and are, therefore, not categorized as personnel services. In Fiscal Year 2016-17, we will continue to strive to provide for the following:

1. Continue to emphasize the importance of employee training to enhance staff’s education and skills.
2. Continue to emphasize the importance of employee safety through the Village’s Employee Safety Program, in an effort to protect employees and lower the Village’s workers’ compensation modifier.
3. Continue to pay competitively relative to market conditions, and maintain pay equity in comparable positions internally by following the approved compensation and classification plan.
4. Continue to cover 100 percent Village-paid medical insurance for employees, and a major portion of the cost of medical insurance for dependent coverage (currently between 80 and 90 percent, depending on income level).
5. Continue to offer a tuition and gym membership reimbursement benefit to promote higher education and employee wellness.

Over the past five years, the Los Lunas economy has been relatively stable, but relatively flat, in terms of local GRT revenue. It wasn’t until the latter part of Fiscal Year 2015-16 that the Village began to experience a modest increase in local GRT, due to increased economic development and activity. The primary industry in Los Lunas continues to be retail, with several new retail shops, restaurants and small businesses opening within the last year. Interest and activity in the light manufacturing industry is also continuing with the recent opening of Accurate Machine and Tool Company/ACIM, Inc. in the Los Morros Business Park, annexation of land for a new BNSF Rail Park west of Los Lunas on Highway 6, the Village’s public private partnership with the School of Dreams Academy (SODA) to redevelop and relocate the charter school to the former Monte Vista Trailer Park property (now El Molino) adjacent to the Transportation Center, and several other pending announcements that would bring additional jobs and economic development to the Village. Through its economic development efforts, the Village continues to pursue appropriate retail, manufacturing, healthcare, and educational opportunities, all of which should have a continued positive impact on the local economy and increase future gross receipts tax (GRT) revenue.

The Village remains concerned about the gradual and eventual loss of “Hold Harmless” revenue over the next 13 years. In Fiscal Year 2016-17, the Village is estimated to lose $223,439 in Hold Harmless revenue. Based on legislation passed in 2013, that number is expected to grow 6-7% every year for the next 13 years to an estimated amount of $1.9 million, the majority of which will come directly out of the General Fund. Despite this challenge, and any other challenges that may surface in the future, Village staff remains committed to accomplishing the major priorities of the Council, staff and citizens, and, as in the past, maintaining a strong financial position through sound planning and responsible fiscal management.

I would like to express my sincere appreciation to the Mayor, Council members, staff, and citizens, for their input in developing this year’s budget, with special thanks and recognition to Finance Officer Monica Clarke and Budget and Management Analyst Sylvia S. Cordova, for their assistance in developing the budget, and creating the attached informative and attractive budget document.

Respectfully submitted,

Gregory D. Martin
Village Administrator
BUDGET OVERVIEW

ALL FUNDS

The Fiscal Year 2016-17 budget includes twenty-three (23) active funds, separated into six (6) fund types. Total revenues for ALL funds are budgeted at $50,527,106, with total expenditures budgeted at $51,406,582. The total estimated unaudited beginning cash balance is budgeted at $22,039,834, with the total estimated ending cash balance on 6/30/2017 budgeted at $21,160,357. This represents a net decrease in the total estimated cash balance of $879,477 (-5.0%).

Total revenues for ALL funds are budgeted to increase by $12,530,616, compared to Fiscal Year 2015-16, which represents a 33.0% increase. This is due in large part to two (2) new debt service funds: G.R.T. Revenue Bond Series 2016 Acquisition Fund for El Molino Property Acquisition and Infrastructure Improvements ($4,900,000), and GO Bond Series 2016 Fire Station Building Fund for Fire Station Building Construction ($5,795,000).

Total expenditures for ALL funds are budgeted to increase by $12,003,846, compared to Fiscal Year 2015-16, which represents a 30.5% increase. This is due in large part to the two (2) new debt service funds.

GENERAL FUND

The principal operating fund of the Village is the General Fund. Revenues in the General Fund are derived primarily from gross receipts tax (GRT), property tax, franchise tax, intergovernmental revenue/grants, licenses and permits, sales and services, and a variety of other sources.

Total revenues for the General Fund are budgeted to increase by $707,043 (+4.3%), with the most significant changes occurring in PILOT Revenue (-$147,306, -83.1%), Gross Receipts Taxes (+$386,100, +4.1%), Park Impact Fees (+$42,297, +70.8%), Solid Waste Bookkeeping Charge (+$85,944, +123.3%), Water/Sewer Bookkeeping Charge (-$100,000, -12.4%), Rio Metro Transportation Revenues (-$122,988, -46.1%), and Legislative Appropriations (+$392,000, +19.0%).

1. Revenues from property taxes (including delinquencies) are budgeted at $2,419,122, representing approximately 14% of all General Fund revenues.

2. Revenues from gross receipts taxes (GRT), including 1.5% municipal GRT, and 1.225% state shared GRT, are budgeted to increase to a combined $9,823,895, due primarily to economic growth. This revenue source represents approximately 57% of all General Fund revenues.
3. Revenues from Village-imposed taxes (not including 1.5% municipal GRT), such as franchise taxes from utility and cable companies, are budgeted at $424,827, representing 2.5% of all General Fund revenues.

4. Revenues from licenses, registrations, and permits are budgeted at $87,137, representing 0.5% of all General Fund revenues.

5. Revenues from state shared taxes, which include auto license distribution and 1.225% gross receipts tax, are budgeted at $4,669,937, representing approximately 27% of all General Fund revenues. Although the 1.225% state shared gross receipts tax is actually a shared tax, it is categorized as a gross receipts tax in order to reflect a true picture of the impact of gross receipts. In addition, the Village is required to report the gasoline tax, formerly categorized as General Fund revenue, as a “Special Revenue Fund,” which shows up in the Municipal Street Improvement Fund, totaling $510,725.

6. Revenues from Village-provided services are budgeted at $1,179,697, representing 6.8% of all General Fund revenues.

7. Revenues from grants are budgeted at $2,553,000, including $2,450,000 from legislative appropriations, representing 14.8% of all General Fund revenues.

Total expenditures in the General Fund are budgeted to increase overall by $694,435 (+4.3%), due primarily to one-time capital outlay purchases, such as acquisition of the Old Country Inn property ($390,000), two new HVAC units ($30,000), and miscellaneous vehicles and equipment.

Total expenditures are budgeted at $2,341,018, representing a net decrease of $348,768, or -13.0%, compared to Fiscal Year 2015-16, attributable primarily to a significant reduction in tipping fees (-$117,000), and a reduction in capital outlay costs.

GUIDE FOR USE OF THE BUDGET DOCUMENT

SUMMARY
This document contains the annual operating budget of the Village of Los Lunas, New Mexico, for the fiscal year beginning July 1, 2016, and ending June 30, 2017. The primary purpose of this document is to plan the receipts and expenditures of all Village moneys in accordance with the statutes and policies of the State of New Mexico, as required by the State Department of Finance and Administration (DFA), Local Government Division. By adoption of this budget, the Village governing body establishes the level of services to be provided, the amount of taxes and utility rates to be charged, and the various programs used to provide these services. The adoption of the budget can be considered the most important policy decision made by the Village Council each year.

SECTION ONE
Section one contains a map of the Village of Los Lunas boundary, followed by a budget message by the village administrator, an overview of the budget by fund, budget resolution, principal officials, organizational chart, and Village fiscal policies and procedures.

SECTION TWO
Section two contains a summary of the total operating budget of the Village, including a budget recap of all funds combined, in addition to miscellaneous tables, charts, and graphs summarizing other budget information such as, transfers, revenues and expenditures by fund type, schedule of taxing authority, gross receipts tax revenue history, as well as a history of the number of residential dwelling unit permits issued by calendar year, and concluding with a summary of personnel services information.

SECTION THREE
Section three contains the complete line item budget for each department within the General Fund. Each budget contains the final approved budget for the current fiscal year, as well as a comparison to the prior fiscal year’s budget, and the actual revenues and expenditures for the year before that. The General Fund and Enterprise Funds (presented in Section Four) are the two primary operating funds for the Village. Their moneys are not commingled, and their operations are separate from each other. Each department within these funds is presented in the budget, along with the two-year comparison. Even though all departments are budgeted separately, certain departments assist in the services of other departments.

SECTION FOUR
Section four contains budget information relating to all Special Revenue Funds, Enterprise Funds, Debt Service Funds, Trust and Agency Funds, and Capital Project Funds.
SECTION FIVE

Section five contains the debt service schedule, showing the payment schedule for principal and interest on general long-term debt of the Village, as well as a schedule of insurances, and a short glossary defining terms used in municipal budgeting and throughout the budget to make the budget easier to understand.

BUDGET PROJECTIONS

The revenue and expenditure estimates for current and prior budget years are based upon historic data and specific known variances within each department and division. Revenue projections are further determined by a review of current regional conditions such as interest rates, local development, and economic trends. These factors are admittedly subjective.

This budget has been compiled with the citizens of Los Lunas in mind to provide some measure of value in evaluating the historical and projected operations of the Village. The Village Council and Village staff sincerely hope that this budget will prove to be useful to all interested readers.

VILLAGE FISCAL POLICIES AND PROCEDURES

FISCAL POLICY
The overall goal of the Village's fiscal policy is to establish and maintain effective management of the Village's financial resources. Formal policy statements and major objectives provide the foundation for achieving this goal. Accordingly, this section outlines the policies used in guiding the preparation and management of the Village's overall budget, and the major objectives to be accomplished.

BUDGETING
1. A comprehensive annual budget will be prepared for all funds expended by the Village.
2. The budget will be prepared in such a manner as to facilitate its understanding by citizens, elected officials, and employees.
3. In addition to the public hearings required by state statute prior to adoption of the budget, workshops will be held on the budget that will be open to the public.
4. Copies of the budget will be made available to elected officials, citizens, and the media prior to the public hearings and workshops.
5. Budgetary emphasis will focus on providing those basic municipal services which provide the maximum level of services, to the most citizens, in the most cost-effective manner possible, with due consideration being given to all costs—economic, fiscal, and social.
6. The budget process will begin each fiscal year with a list of priorities developed by both management and staff.
7. The budget will provide for adequate maintenance of capital, facilities and equipment, and for their orderly replacement.
8. The Village will adopt and annually update an Infrastructure Capital Improvements Plan (ICIP), and strive to make budgetary decisions in accordance with this plan.
9. The Village will continue to develop operating budgets with a sharp focus on long-term solvency.
10. The Village will maintain a budgetary control system to help it adhere to the established budget.
11. The Village will exercise budgetary control through the governing body and village administrator in accordance with state statutes and Village regulations.

12. The Village will continue to prepare and update 20-year financial plans based on historical and current data, which serves as an invaluable tool in assisting the Village governing body in making sound management decisions. These decisions not only impact the current year, but will also impact the future of the Village.

13. The Village will amend the budget only in a manner consistent with State of New Mexico Department of Finance and Administration (DFA) regulations.

14. The Village will maintain a working capital reserve equal to 8.33% (1/12) of the total operating expenditures of the General Fund, in accordance with DFA regulations.

15. The Village will create a designated reserve in the General Fund for the purpose of providing for emergency or unplanned expenditures and revenue shortfalls that may occur in a fiscal year. The established goal for this reserve is to maintain a minimum level equal to one month’s operations.

16. The Village will charge the Enterprise Funds for Finance and Administration expenses (identified as bookkeeping charges) to help defray the administration cost to the General Fund.
INVESTMENTS
1. The Village will maintain an investment policy in accordance with State statutes and its own regulations.

2. The investment policy is designed to accomplish the following:
   a. Maximize investment returns while minimizing risk.
   b. Maintain a level of liquidity to ensure that unanticipated cash needs are met.
   c. Allow for diversification of the Village's portfolio.
   d. Recognize the impact of the Village's investment program on the local economy.

PURCHASING
1. The Village will maintain a purchasing policy featuring a centralized purchasing department in accordance with the State of New Mexico Procurement Code.

2. The governing body has adopted a resolution enacting Village procurement regulations that provide for:
   a. The control of expenditures within appropriations of the adopted budget.
   b. All purchases being made at the most cost-effective and economical prices possible.

BUDGET PRIORITIES
1. Expenditures designed to promote, enhance, or ensure public health, safety and welfare.

2. Expenditures necessary to comply with state and federal laws or regulations.

3. Expenditures necessary to deliver the "basic services" to the residents and businesses of the Village.

4. Expenditures when it is verifiable that after being made will reduce ongoing maintenance and operating expenditures by either reducing overall costs or avoiding anticipated costs.

5. Expenditures that will verifiably enhance economic development.

6. Expenditures designed to provide for greater internal controls and, therefore, enhance financial accountability.
7. Expenditures for employee training aimed at making Village personnel more proficient and productive in performing their duties.

8. Expenditures designed to provide for improved information management in order to provide for enhanced decision-making.

9. Expenditures designed to enhance future planning of the community's needs.
The budget process begins with the distribution of budget preparation worksheets to the department heads. Each department head meets with his/her employees to review the worksheets for the operations of the department, personnel requirements, and capital outlay. Every employee in the Village is encouraged to make suggestions and/or recommendations during the budget process. The budget worksheets for the operations of the departments contain four columns (1) prior year actual, (2) current year budget, (3) proposed budget, and (4) percent change. Columns 1, 2, and 3 contain the financial information to be used by the department head as a guide to complete the proposed budget. It is assumed that the past financial needs are a good indication as to the future financial needs and the budget is projected on this basis. The worksheets for personnel requirements and capital outlay do not contain prior year actual or current year estimated, due to the fact that this information is available in each department and the projection of these categories do not require comparative data.

The village administrator and finance officer prepare the revenue budget. All revenues are budgeted with the use of comparative financial information provided by prior year actual revenues and current year estimated revenue.

When the departments have completed their budget preparation worksheets, each department head then meets with the village administrator to review their budget. During this meeting the budget is refined and prioritized.

After the village administrator reviews the expenditures and revenues, a budget workshop is scheduled with the Village Mayor and Council for budget review. The Village governing body reviews the budget at the workshop, where the budget is again refined and prioritized.

When the budget has been finalized by the Village governing body, it is compiled by the Administration Department and the following procedures are followed for formal adoption of the budget:

1. The village administrator submits to the governing body the operating budget for the fiscal year commencing on July 1st, which must be approved before the preceding June 1st. The operating budget includes proposed expenditures, and the means of financing them (i.e. revenues).

2. The operating budget is then submitted to the State of New Mexico Department of Finance and Administration (DFA), Local Government Division for preliminary approval.
Section 6-6-2, NMSA, 1978 Compilation requires that the DFA review and approve final budgets prior to the first Monday in September.

3. Upon completion of the closing of the previous fiscal year, the Village Finance Department reconciles cash balances forward, and budget to actual calculations. A final budget is compiled with all changes effected by the previous year-end closing and any adjustments made by DFA. This is then submitted to the village administrator for review, after which the final budget is then submitted to the Village Council for approval before the August 1st deadline set by the State.

AMENDMENTS TO FISCAL YEAR BUDGET

During the fiscal year, the village administrator has the authority to transfer budgeted amounts within the operational expense budget of a department (i.e. from one line item in operations to another in operations). However, the Council must approve all other budget transfers from one budget category to another (i.e. from Capital Outlay to Operating). All other revisions in regards to changing the overall budget require a resolution by the Village governing body and DFA approval.

Staff perform monthly budget reviews for each Department/Fund. Around January/February, the governing body holds a mid-year budget review, and at this time a resolution is prepared for any necessary additions or adjustments to the budget.

The Village maintains control of the budget through the department heads and the purchasing program. The department heads are responsible for keeping within the budget and maintaining control by carefully planning and monitoring their monthly financial reports and daily activities. The purchasing program was implemented in July 1992, and is used to monitor line item expenditures at the time any purchases are made. The program allows the purchasing agent to dishonor a purchase order for any line item shown over budget. Since a purchase order is required for all purchases, this program assists the department heads, as well as management, in controlling the fiscal year budget.
Total Operating Budget Summary

Summary

The tables, charts and graphs that follow illustrate the Village’s resources and the application of those resources, as approved by Council.

The Budget Recap (Table 1, page 20) is the Fiscal Year 2016-17 budget summary of ALL fund types combined. The total combined estimated revenues are budgeted at $50,527,106, which represents a 33.0% increase compared to last year. Chart 1 presents a summary of revenues by fund type, including transfers in, which are shown in Table 2.

The total combined estimated expenditures are budgeted at $51,406,582, which represents a 30.5% increase compared to last year. Chart 2 presents a summary of expenditures by fund type, including transfers out, which are also shown in Table 2. The Village is estimating a $879,477, or -5.0%, decrease in its cash balance reserves for ALL funds combined.

The total capital expenditures for ALL funds combined are budgeted at $23,771,395.

Municipal Gross Receipts Tax

Municipal Gross Receipts Tax (GRT) is a tax authorized pursuant to New Mexico State Statutes, and implemented by local governments, and collected from retailers on goods and services sold. On February 26, 2015, the Village Council approved an additional 0.25% municipal local option tax, which went into effect July 1, 2015. As a result, the Village of Los Lunas’ gross receipts tax rate increased from 1.5625% to 1.8125%.

As the Village’s largest revenue source, GRT is highly responsive to changes in economic activity. In Fiscal Year 2015-16, GRT increased by $1,054,085, or 9.8%, compared to what was actually received in Fiscal Year 2014-15, which is significantly higher than the 3.65% increase the year before that. However, this increase was expected due to the additional revenue anticipated from the additional 0.25% in municipal local option tax, which took effect July 1, 2015, and was projected to bring an additional $931,830 to the General Fund in Fiscal Year 2015-16. Municipal Gross Receipts Tax is also projected to decrease overall by $223,439 in Fiscal Year 2016-17 due to the second year of implementation of the loss of Hold Harmless revenue, as a result of legislation passed by the State during the 2013 legislative session.

For every $1.00 in sales, 8.3125% is collected in Gross Receipts Tax (GRT). This is broken down as illustrated in Table 3: Schedule of Taxing Authority. Graph 1 shows the past ten years of GRT collections, while Table 4 presents ten years of GRT...
collections with the percentage change for each year. The citizens of Los Lunas previously approved the passage of a 1/8 cent gross receipts tax to be dedicated to infrastructure projects, which tax became effective 1/1/2002.

**Property Tax**

The Village of Los Lunas currently imposes a property tax rate of $7.352 (residential) per $1,000 and $7.650 (non-residential). In Fiscal Year 2016-17, this is budgeted to generate approximately $2,419,122 (including delinquencies) in property tax revenue. Table 3 illustrates the property tax rate and valuation broken down between residential and nonresidential property for the 2015 tax year. Graph 2 presents dwelling unit information for the past ten years.

PUBLIC WORKS DEPARTMENT: FLEET MAINTENANCE DIVISION
General Fund 11 – Department 412

MISSION
The Fleet Maintenance Division is responsible for maintaining safe, reliable vehicles and equipment for all Village of Los Lunas Departments in the most cost efficient way without sacrificing the safety of the operator or public.

The vehicles are frequently serviced and kept safe and dependable for village employees. The police units need to be kept on the road, so they are serviced frequently and kept in good running order so that the Village can be served and protected better.

GOALS AND OBJECTIVES
• To economically and efficiently maintain the equipment needed by all departments so that they have the tools necessary to perform their services.

Table 15 presents the Fiscal Year 2016-17 operating budget for the Fleet Maintenance Division.

Village of Los Lunas Annual Budget – July 1, 2016 - June 30, 2017
COMMUNITY SERVICES DEPARTMENT: CDWI GRANT
General Fund 11 – Department 416

SUMMARY
The Village of Los Lunas administers the DWI Program for all of Valencia County. Funding for the program comes from two grant sources: (1) “Local Driving While Intoxicated” (LDWI), and (2) “Community Driving While Intoxicated” (CDWI). The LDWI grant is accounted for as a Trust and Agency Fund, and provides the main source of funding for the DWI Program (see TRUST AND AGENCY FUND/COMMUNITY SERVICES DEPARTMENT: LDWI GRANT FUND). The CDWI grant is accounted for in the General Fund, and provides additional funding for expenditures associated with the DWI Program (see below). Both of these grants, and the DWI Program itself, are administered through the Village’s Community Services Department.

MISSION
To reduce the occurrence of drinking and driving including underage drinking in Valencia County through prevention/education, enforcement, adjudications, sanctions and treatment.

DESCRIPTION
(See TRUST AND AGENCY FUND/COMMUNITY SERVICES DEPARTMENT: LDWI GRANT FUND)

Table 16 presents the Fiscal Year 2016-17 operating budget for the Community Services Department: CDWI Grant. **Please note the CDWI Grant was not pursued for Fiscal Year 2016-17 so funds are budgeted at zero.

MISSION
The Wastewater Division of the Village of Los Lunas is here to provide excellence in quality and service to our customers at a minimal cost while protecting the environment and exceeding at quality standards.

DESCRIPTION
The Waste Water Treatment Plant Division of the Village of Los Lunas operates two (2) waste water treatment plants (WWTP), the original activated sludge treatment plant and the newly constructed membrane bioreactor treatment plant. The two plants operate in tandem as separate plants to treat the waste-water (solids and liquids) generated by over 6000 residential and commercial customers within the Village. Liquid effluent is disinfected within each respective plant and blended prior to discharge to the Rio Grande. Solids are treated and after final digestion process, transported and land applied to the 220-acre sludge disposal site located on Dalies Road south of NM 6, west of the Village. Staff personnel attend yearly training courses to achieve and maintain the highest level of Wastewater Systems Utility Operator certification recognized by the NM Water Quality Control Commission to ensure operations are in the New Mexico Environmental Department and EPA Standards and conform to the Village’s National Pollutant Discharge Elimination System and Ground Water Discharge Plan permits.

Division staffs have pioneered a grease trap inspection program designed to reduce buildup caused by excess amounts of grease within the sanitary sewer collection lines as well as reducing problems at the WWTP associated with grease. Staff personnel publish information within the monthly billing statement as well as in the Valencia County News Bulletin around the holiday season to inform residential customers on how to reduce discharging grease down the drains. In addition, personnel conduct site visits to local restaurants to inspect their grease traps and provide tips on how to maintain and clean the traps to prevent overflow and leakage into the sanitary collection system. This effort helps to reduce maintenance and operation costs within maintenance and the collection system and WWTP’s alike.

GOALS AND OBJECTIVES

• To provide all safety equipment and training to meet OSHA requirements for employees, to maintain an accident free workplace.
• To continue to meet all Environmental Protection Agency and State Environmental Department regulations with respect to plant operations.
• Assure the community that operators will be trained and certified to the highest level possible to enhance their ability to operate the system and improve the efficiency of operations.
• To achieve as many awards as possible for the Wastewater Facility and the Village of Los Lunas.
• Maintain the grease trap inspection program to reduce line maintenance problems and reduce grease problem at the wastewater facility thereby reducing the cost of treatment.
• Maintenance of the activated sludge and membrane bioreactor treatment plants
• Maintenance of the sludge handling facilities.
• Hauling and land application of sludge to the sludge disposal site.
• Daily water sampling and testing.
• Laboratory analysis.
• Fiscal reports and administration.

PUBLIC WORKS DEPARTMENT: SOLID WASTE DIVISION
Enterprise Fund 43 – Division 423

MISSION

The mission of the Solid Waste Division of the Village of Los Lunas is to provide convenient and sanitary collection and disposal of solid waste for Village residents. In addition, the Division strives to expand recycling awareness and participation by providing onsite commercial business cardboard pickup as well as maintaining a State registered centralized recycling drop-off location for plastic (#1-7), glass, cardboard, paper and aluminum.

DESCRIPTION

The Division provides once a week residential curbside solid waste collection and disposal and up to seven (7) days a week commercial business solid waste collection and disposal. Staff personnel operate a Materials Recovery and Transfer facility to provide state of the art solid waste collection and disposal. All personnel within the Division currently hold commercial driver's licenses and are cross trained on the operation of equipment and routes to maximize efficiency within the daily workload.

The Village currently transports solid waste to the Valencia County Regional Landfill located west of Los Lunas, south of NM 6. The Village remains a member of the Central Solid Waste Authority which consists of the municipalities within Valencia and Socorro counties and recognizes that a local landfill should be a high priority due to the high cost of transport and disposal fees.

The Division is committed to providing quality solid waste collection and disposal in conformance with the New Mexico Environmental Department and EPA standards as well as expanding Village wide recycling efforts currently established. The focus of the recycling initiative is to ensure the Village seizes both the environmental and economic benefits of recycling. Environmental benefits include the preservation of natural resources and protecting the quality of air, soil, and groundwater, to name a few. The economic benefits include reduced disposal costs (i.e. landfill tipping fees) by diverting the recyclable material from the solid waste stream entering the landfill and generating revenue from the recycled material. This savings and revenue generated are returned to the Division and utilized toward operational costs. Moving forward the Solid Waste Division remains dedicated to keeping Los Lunas clean and beautiful.

GOALS AND OBJECTIVES

- Comply with all Federal EPA regulations and New Mexico Environmental Department regulations.
- The Department operates a Materials Recovery and Transfer facility to provide state-of-the-art trash collection and disposal for Village residents to the Authority.
The Department currently operates a state registered Drop-off Recycling Center to help accomplish the 25% or greater reduction of recyclables going to the landfill.

To continue to provide a quality trash collection and disposal service for the residents of Los Lunas by automating the Department capabilities to increase diversion of recyclables.

SUMMARY

The Village of Los Lunas administers the DWI Program for all of Valencia County. Funding for the program comes from two grant sources: (1) “Local Driving While Intoxicated” (LDWI), and (2) “Community Driving While Intoxicated” (CDWI). The LDWI grant is accounted for as a Trust and Agency Fund, and provides the main source of funding for the DWI Program (see below). The CDWI grant is accounted for in the General Fund, and provides additional funding for expenditures associated with the DWI program (see GENERAL FUND/COMMUNITY SERVICES DEPARTMENT: CDWI GRANT). Both of these grants, and the DWI Program itself, are administered through the Village’s Community Services Department.

MISSION

To reduce the occurrence of drinking and driving including underage drinking in Valencia County through prevention/education, enforcement, adjudications, sanctions and treatment.

DESCRIPTION

The Village of Los Lunas/Valencia County DWI Program is grant funded through the Local DWI and Community DWI State funded grants. The following is a list of the funded components and a brief overview of the services provided by each:

- **Alternative Sentencing:** The DWI program has an MOU with Rocky Mountain Offender Management Systems (RMOMS) to provide and monitor electronic alcohol monitoring devices by way of the SCRAM bracelet and/or the SoberLink hand-held device. The SCRAM bracelet is a passive device. Results of alcohol consumption are available only after the offender downloads the bracelet utilizing a ‘direct connect’ cord; however, it is the only alcohol monitoring bracelet that is able to provide evidence that is admissible into court for non-compliance and positive alcohol readings. The SoberLink is a hand-held device which the offender uses to provide a breath sample at scheduled intervals or as prompted by their compliance officer. To ensure it is the offender providing the breath sample, their picture is taken at the same time. This provides for real time results along with the offender’s GPS location at the time they are submitting their test. Court ordered alcohol monitoring devices are an alternative to incarceration for those convicted of alcohol-related crimes.

- **Compliance Program:** Implemented in July 2012, the Misdemeanor Compliance Monitoring Program offers supervised probation services for convicted DWI and, on a case by case basis, alcohol involved Domestic Violence offenders. Compliance Officers ensure that offenders comply
fully with all court-ordered mandates and report any violations to the referring Judge for probation revocation and/or further disposition.

- **Coordination, Planning, and Evaluation:** Coordinates all the programs listed, works with DWI Planning Council's guidance for program planning, and is responsible for oversight and evaluation of all components. With the passage of HB 216, additional funding has been allocated to DWI programs through fiscal year 2019. This funding will be utilized specifically for professional evaluation which should provide DWI Programs a number of years of invaluable evaluation data measuring local impacts resulting from the services provided through the DWI programs.

- **Enforcement:** Grant funding is used to fund local law enforcement agencies to perform additional operations to include: Checkpoints, Underage Drinking Taskforce Operations, Compliance Checks, and Saturation Patrols. Additionally, grant funding provides valuable equipment and training used in the detection, documentation, and prosecution of DWI, Underage Drinking, Sales to Minors, Social Host and/or providing alcohol to Minors. Currently all of the following law enforcement entities participate in the DWI Enforcement Program: Belen Police Department, Bosque Farms Police Department, Isleta Tribal Police Department, Los Lunas Police Department, Los Lunas School Resource Officers, New Mexico State Police, and Valencia County Sheriff’s Department.

- **Prevention:** Evidence-based substance abuse prevention programs and activities available throughout Valencia County for K-12th grades and other community agencies upon request. Prevention-focused Community collaboration and coordination to address the risk and protective factors within Valencia County with the goals of increasing resiliency, health, and safety for our youth and entire community.

- **Screening:** Each person in Valencia County who is arrested for DWI is court ordered to go through an alcohol screening to determine the severity of the clients treatment needs surrounding alcohol and other drugs.

- **Treatment:** The DWI Program also offers an in-house, outpatient treatment program which fills a community gap of an disproportionate number of persons seeking treatment services and a limited number of substance abuse treatment providers. The Treatment program includes: client assessments, treatment plans, individual and group therapy, and auricular therapy. Auricular detoxification services provided is backed by both research and patrons utilizing this service and is deemed to be effective in treatment of anxiety and cravings.
GOALS AND OBJECTIVES

- Reduce the occurrence and negative consequences of DWI and Underage Drinking.
- Reduce recidivism rates of DWI.
- Work closely with law enforcement, local judicial entities, District Attorney’s office, drug court, and local treatment providers to increase positive prosecution rates for alcohol related offences to include DWI while collaborating with agencies providing offender services to ensure the best possible outcomes to include compliance with court-ordered sanctions and reduced recidivism rates.
- Offer alternative sentencing services alcohol monitoring to decrease costs of incarceration and to increase the ability of the offender to remain or become gainfully employed while serving their sentence.
- Decrease risk factors while increasing resiliency factors for all Valencia County residents in order to provide a safer, healthier place for all to live, work, and visit.
- Implement evidence-based prevention practices, programs, and policies that decrease substance abuse, underage drinking, binge drinking, and DWI.
- Create and maintain community involvement through the DWI Planning Council and through participation within other community boards/coalitions to work collaboratively towards the health, safety, and wellness of the community as a whole.
- Improve existing programs through professional process and outcome evaluation.

REGIONAL DISPATCH FUND
Trust and Agency Fund 45

MISSION
To administer the funds for the Regional Dispatch Center in accordance with the Joint Powers Agreement signed by member entities.

DESCRIPTION
Beginning January 2007, the three dispatch centers operating within Valencia County were consolidated into one Regional Dispatch Center, known as the Valencia Regional Emergency Communications Center, or VRECC. The Regional Dispatch operations are funded via a Joint Powers Agreement between the Village of Bosque Farms, the City of Belen, Valencia County and the Village of Los Lunas. The proportion of funding from each governmental entity is based on the number of calls generated from within each entity. The Village of Los Lunas, through the Joint Powers Agreement, is the fiscal agent for the Regional Dispatch Center. As fiscal agent, the Village must insure that the available funds are spent according to New Mexico statutes and regulations.

GOALS AND OBJECTIVES
- To insure that the available funding is spent according to New Mexico statutes and regulations.
- To insure that dispatch operations are performed in the most economical and efficient manner possible, while providing the most professional dispatch services possible.

Tables 42 and 43 presents the Fiscal Year 2016-17 operating budget for the Regional Dispatch Fund.

The Village of Los Lunas maintains an Employee Benefit fund to support the establishment of a Retiree Medical Insurance Plan. The Village provides retiree medical program coverage to current and future retirees of the Village who qualify for retirement under the PERA guidelines. Under its current plan, the Village of Los Lunas will pay 50% of the health insurance premium, and the retiree will pay 50% of the premium for the retiree and dependents not yet eligible for Medicare. Beginning in Fiscal Year 2009, all employees were required to begin paying into the fund at a rate of .65% of their gross salary. This percentage was designed to mirror the employee rates paid under the New Mexico Retiree Health Care Authority medical plan. In addition to the employee contribution, each of the Village’s funds contributes 3% of gross salaries to the Employee Benefit fund.

Table 44 presents the Fiscal Year 2016-17 operating budget for the Employee Benefit Fund.
